

cca.560

This technical drawing shows a shower head assembly. The top view shows a vertical stem with a shower head at the top. A dimension line indicates a height of approximately 560 units from the top of the stem to the top of the shower head. The side view shows the shower head angled downwards. A dimension line indicates a maximum height of 1300 units from the top of the stem to the top of the shower head. The bottom view shows the shower head assembly mounted on a wall. A dimension line indicates a width of 125 units from the center of the stem to the right edge of the shower head. The connection to the wall is labeled G1/2 B.
